

Omega 3hp blender

Model: bl442s

DESCRIPTION:

The Omega BL442S Blender comes equipped with a 3 peak horsepower motor, multiple blending cycles and intuitive controls. You'll enjoy consistency in taste, texture and a velvet like blend every time.

Omega blenders deliver quality construction, performance and a natural approach to nutrition. The powerful motor blends crisp fruits and vegetables into rich, refreshing drinks, smoothies, soups and salsas with ease.

ADVANTAGES OF AN OMEGA BLENDER:

- **Durable** - The 2L container is made of Eastman Tritan copolyester to withstand the type of punishment required in a high performance blender. The rust resistant stainless steel blade stays sharp longer than conventional blades.
- **Innovative** - The unique stainless steel blade is designed with precise angles to ensure consistent mixing every time.
- **Powerful** - The unique and powerful 3HP motor provides exceptional performance and reduces down time. Omega is truly the best choice in blenders.
- **Simple** - The powerful 3HP motor lets you blend virtually anything. From vegetables, salsa, fruits, soups and even ice for great frozen drinks, you can do it all in an Omega blender. It will be the only blender you will ever need.
- **Safe** - Every Omega blender features automatic shut off in the event of an overload.
